

## Further Support

When you have finished the course and still feel you need extra support, Karralika Programs also offers the opportunity for post course support and assistance should you wish to explore treatment options for alcohol and drug use through our in house services or through referrals to other community services

## About Us

Karralika Programs is a not-for-profit specialist alcohol and drug organisation that provides programs for people in the Canberra and the surrounding areas.

We support adults, young people and families to address and recover from alcohol and drug problems through a range of residential and community programs.

REversed is a Road Transport Authority approved program developed by Karralika Programs, the leading provider of drink / dug driving education courses in the ACT for over 20 years.

## About REversed

REversed is an interactive, informative, engaging and affordable program provided in a safe non-judgemental learning environment where issues related to drink / drug driving can be explored. The course is delivered by trained facilitators who also work in the alcohol and other drug field.

In the two 3 hours sessions REversed will;

- Provide you with a participant manual, worksheets, and other useful information
- Provide information and facts about alcohol and other drugs
- Examine the impact of drink and drug driving behaviour on you and others
- Provide approaches to problem solving to prevent you re-offending
- Assist you to identify risk situations and promote safety.

You will receive a certificate of completion at the end of the course that shows you have met the requirements to retain or have your licence returned.
