Organisational context

Karralika Programs Inc. has been operating quality alcohol and other drug treatment programs since the establishment of the Karralika Therapeutic Community Program in 1978.

Our organisation has a justifiable reputation for the delivery of high quality, client-centred and responsive alcohol and other drug treatment support services through a mix of residential programs, educational programs and community based services.

Our vision is to empowering change and create new futures for optimal quality of life.

Our mission is to provide specialist end-to-end drug and alcohol services to support the needs of individuals, families and communities.

Our approach to recovery is multidimensional, supporting our clients to learn about themselves behaviourally, cognitively and emotionally to achieve and sustain positive living. Recovery is an active process of discovery where clients develop a sense of: hope, meaning and purpose for life, community and belonging; and positive identity and pride.

We see the potential in every individual – employees, clients and stakeholders and seek to consult and engage individuals in all aspects of our operations. We actively empower and enable individuals to advise, co-design and refine services, programs and operations so their fullest potential might be realised.

We value trust and integrity, respect and dignity, quality and accountability, agility and responsiveness, leadership and courage, collaboration and support.
